From

The Chief Electrical Engr.
No. 3113 W 13/11/23
Forwarding ~~for~~ sanction his estimate amounting to Rs 4831- for lighting the Rev. Camp at Kanapur in connection with the Viceregal visit and requesting to be informed of the source from which the cost should be met.

Submitted with a draft reply.

Yes by
Ci 15/11

The net cost of the work (of lighting the Rev Camp at Kanpur by Electricity) is 483 Rs. The Ch. Elec. Engineer enquires to what head the expenditure has to be charged. The Dy. Com says that he can not find the funds from the sanctioned Grant. It will be seen from the memo accompanying the estimate that-

in anticipation of sanction to the estimate
the work has been put on hand
This action appears to be irregular
It is desirable if there was
to any use of writing to the Ch. Elec
Engineer to stop the work. Seeing
that the memo accompanying the
estimate is dated the 24th Oct
the work must probably have been
completed by now
The only course to adopt now
is to ask the Ch Elect Engineer
to meet the expenditure from the
grant sanctioned for this Dept

Sir,

Supply of Electric Lights to the Revenue Camp.
---:0:---

I have the honour to forward herewith the marginally noted references on the above subject between this Department and the Deputy Commissioner, Mysore District, which are self-explanatory, and to request you to please inform us the head to which the extra cost of about Rs.483/- for lighting the camp has to be charged. The estimate for the work together with a copy of the report is herewith attached for information.

1. Mysore Deputy Commissioner's No.R.H.C.76/23-24 dated 28-9-23 with this office memo No.2405 of 4-10-23 to the Supdt., M.P.L.
2. Copy of Mysore D.C!s No.HC. 76/23-24 of 8-10-23 to the Supdt., M.P.L.recd. with his memo No.6082 of 25-10-23.

—o—

OFFICE OF THE CHIEF ELECTRICAL ENGINEER,
Bangalore.....*192*
(MYSORE, INDIA.)

Letter No.R.H.C.76/23-24 dated 28th.September 1923 from The Deputy Commissioner, Mysore District, to the Chief Electrical Engineer to the Government of Mysore, Bangalore.

:oOo:-

I have the honour to state that the Amildar of Heggadadevanakote Taluk brings to my notice that great hardship and inconvenience was caused during the last visit of the Prince of Wales to Karapur camp on account of the non-supply of Electric Lights to the Revenue Camp, where a number of sheds not only of the Departmental Staff, but also in connection with the milk supply arrangements had been put up.

I understand that during the previous occasion, at the time of the visit of H.E.the Viceroy in 1919, Electric Lights were supplied to this camp. It is essential to have a sufficient number of -- lights put up in this camp where nearly a thousand head of cattle and an equal number of men, if not more, will be collected in connection with the milk supply and other arrangements and where the Revenue Office i.e. the Amildar's camp along with the whole staff will be accommodated. This will virtually be the inquiry office on occasion.

I therefore request you to be so good as to kindly make necessary arrangements to have this camp supplied with sufficient number of electriclights by the 20th.November 1923, to facilitate the work in the camp and the arrangement connected with the milk supply.

I request the favour of a reply as to the action taken.

------:oOo:-----

Memo No.2405 dated 4-10-23.

Copy to Supdt., M.P.L.to discuss this question immediately with the Deputy Commissioner and report about the minimum load required and the probable cost of the arrangements necessary to supply the load. He must also ascertain from the Deputy Commissioner whether he can authorise to incur the extra cost which has not been included in the estimate already sanctioned by Govt. for execution by this

—o—

OFFICE OF THE CHIEF ELECTRICAL ENGINEER,
Bangalore.. 192 .
(MYSORE, INDIA.)

Copy of letter No.H.C.76/23-24 of the 8th. October 1923 from the Deputy Commissioner, Mysore District, Mysore, to the Superintendent, Power and Lighting, Mysore.

-:oOo:

In acknowledging with thanks his letter No.5754 of the 5th. October 1923, has the honour to state that the Revenue Department camp in question is just beyond the Viceregal and Guests' camp and cannot therefore be indicated on the plan received with his letter. The Amildar has however been requested to indicate the position of the said camp on the plan which on receipt will be forwarded. As, however, the same practically adjoins the main camp, it is hoped that there will be no difficulty in providing the convenience asked for. As regards cost, it is much regretted that owing to the smallness of the grant to this Department it is not possible to spare any funds for this purpose. The provision of lights in this camp will be most useful and its want will be very keenly felt In the interests of Government work it is earnestly hoped that it will be possible to provide this convenience, or it may be said this necessity.

"T r u e C o p y"

MSSV.

for P.S. Ramanuja Iyengar 12.11.23
Chief Electrical Engineer.

The report to accompany the estimate for running the line and installing electric lights in the Revenue camp at Karapur during the ensuing visit of His Excellency the Viceroy.

After the main estimates for all the works in connection with the Viceroy's visit had been submitted, it was requisitioned by the Deputy Commissioner, Mysore District, through the Chief Electrical Engineer to instal about 30 lights in the Revenue Camp in the Karapur camp. As the proposed number of circuits from the Engine House around the camp have all been loaded, it is found necessary to arrange for an independant circuit from the Engine House to the Revenue Camp The camp is expected to be located about half a mile from the Engine house but this is only an approximate figure and it is probable that there may be a little difference more or less. The rate for the jungle wood poles is also an approximate figure and there is likely to be a difference in cost. They are valued at R.5/- each while returning. These have to be auctioned after the camp is over and the value of R.5/-is only an approximate amount.

Copper wire is arranged to be returned at the ledger rate but a small reduction in quantity is made to take care of the loss in joints etc.

The lamp holders and bulbs have been arranged to be returned after deducting a small percentage in number to cover up breakages and similar loss.

Necessary arrangements may kindly be made for obtaining very early sanction to the estimate, as the time left before

To

The Chief Electrical Engr.

Sir,

With reference to your letter No. 2113 dated the 13th inst. regarding the supply of electric lights to the Rest Camps at Manipur, I am directed to state that no additional grant can be sanctioned by Govt. and that the proposal has therefore to be dropped unless the Dy Comm. Imphal can find funds out of the Special grant of Rs. 5000/- placed

at his disposal for
meeting the expenses
connected with the
Viceregal visit.

2. The estimate sent
with your letter is
herewith returned.

Yours
for Chief Secy
